

88-将nums2的元素插入到nums1中的方案

nums1:

1	2	3	0	0	0
---	---	---	---	---	---

nums2:

2	5	6
---	---	---

$i \dashrightarrow i$
nums1:

1	2	3	0	0	0
---	---	---	---	---	---

j
nums2:

2	5	6
---	---	---

$i \dashrightarrow i$
nums1:

1	2	3	0	0	0
---	---	---	---	---	---

j
nums2:

2	5	6
---	---	---

i
nums1:

1	2	2	0	0	0
---	---	---	---	---	---

$j \dashrightarrow j$
nums2:

2	5	6
---	---	---

nums1中的3被nums2中的2覆盖掉了.即:用运算结果覆盖了输入.
